

CAREER OPPORTUNITIES

Barracuda Networks offers industry-leading solutions for network security with focus on enterprise firewalling, content security and data storage, protection and disaster recovery. For the extension of our team we are currently looking for a talented:

TECHNICAL MARKETING ENGINEER (M/F)

Location: Innsbruck or Vienna

Whom we are searching for

- You are passionate about firewall technology, want to work with the firewall product in real life environments and like keeping current with the latest technology trends
- You can visualize and understand how customers approach IT and engage them and you enjoy educating customers or partners about a high-end product
- You are intensely results driven
- You enjoy working with cross-functional teams including sales, support, and product management
- You have a creative spirit and enjoy coming up with new ways of using our products or using our product in new environments
- You have attention to detail that would impress a wedding planner

Your responsibilities

- Support 3rd parties throughout evaluations/tests of our own firewall products and evaluate 3rd party products
- Provide technical expertise to partner companies when trying to integrate their products with our products
- Demonstrate the product/train channel partners/sales engineers on new features/product releases and create storybooks for hands-on product videos
- Create test labs to demo certain product features
- Assist product management throughout beta-programs
- Support product management with sales support tasks like RFP template creation or RFP answering
- Provide technical expertise throughout high touch customer escalations

Your qualifications

- Preferable 3+ years of experience with firewall technologies in a customer facing role – ideally with Barracuda's own CGF/NGF product
- Experience with cloud services (AWS, MSFT Azure, GCP)
- Great communication skills – likes being on video/phone calls
- Experience presenting to a wide audience from senior management to IT administrators
- Adept at working with cross-functional teams
- High attention to detail and superior multi-tasking abilities
- Valid driver's license
- Willingness for local travel as well as some international travel
- Excellent German and English language skills

We offer

- A challenging position in a talented and motivated team
- Your personal development is extremely important to us, which is one of the reasons why we created a whole platform filled with training courses and presentations, which will help you grow on the job and push your career even further
- Responsibility for innovative development projects
- A pleasant and international working environment with various benefits
- As much coffee, tea, fruit, yoghurt as you can handle

Ready for Barracuda? We are looking forward to your [Online Application](#)

The minimum salary is EUR 40.000,00. The actual salary will be determined based on the candidate's qualification and professional experience.
